CERTIFICATE OF RECOGNITION

Certificate No. :

This is to certify that the Occupational Standards and its Level, developed by Guangdong Engineering Polytechnic, as part of a collaboration between the National Accreditation and Quality Assurance Authority (NAQAA) and the International Transnational Education Association (ITEA), for the purpose of jointly developing Occupational Standards for the Gambia, have been developed with great attention to detail. It has been ensured that the quality and alignment of these standards meet the educational standards in the Gambia.

Name of Occupational Standards and its Level:

Technicians for Maintenance of Lift (Elevator) (NTA 5)

Software Engineering Technician (NTA 6)

Participating Institution:

Guangdong Engineering Polytechnic

The occupational standard has been incorporated into the framework of the NAQAA. This certificate of recognition signifies the alignment of the occupational standard with the educational requirements in the Gambia and the endorsement by NAQAA and the affiliated local technical colleges in The Gambia.

Subject: Letter of Appreciation

Dear Sir/Madam,

I hope this letter finds you in excellent health and high spirits. On behalf of the Ministry of Higher Education, Research, Science & Technology (MoHERST) and the National Accreditation and Quality Assurance Authority, Gambia, we would like to express our heartfelt appreciation for the unwavering support and initiatives provided by the International Transnational Education Association (ITEA), the Development Committee, and GUANGDONG ENGINEERING POLYTECHNIC in the implementation and successful completion of the Jointly Developed and Constructed:

No.	Programme	Level
1.	Technicians for Maintenance of Lift (elevator)	NTA5

Your commitment and dedication to this collaborative effort have played a vital role in meeting the industrial demands and occupational standards in The Gambia. The programs developed as part of this joint effort are a testament to the exceptional quality and relevance required to address the needs of our country's workforce and contribute to its socio-economic development.

We are truly grateful for the expertise and resources that have been shared throughout the development process. The knowledge transfer and exchange of best practices have greatly

enriched the educational landscape in The Gambia empowering our students with the skills and competencies necessary for success in their chosen fields.

The partnership between our institutions has not only enhanced the quality of education but has also fostered a deeper understanding and appreciation of our respective cultures. This intercultural exchange has created a truly enriching learning environment for our students, preparing them to thrive in a globalized world.

We extend our sincerest gratitude to the International Transnational Education Association (ITEA), the Development Committee, and GUANGDONG ENGINEERING POLYTECHNIC for their invaluable contribution to our education system. We firmly believe that this collaboration will continue to yield long-lasting benefits for both our countries.

Once again, we express our heartfelt appreciation for your support and commitment to advancing education in The Gambia. We look forward to further strengthening our partnership and exploring new avenues for collaboration in the future.

With warm regards,

Lamin B. Manneh
Director of Quality Assurance

Jointly Developed Occupational Standards Programs

Dear Members of the ITEA Committee,

I hope this letter finds you in good health and high spirits. I am writing on behalf of Naqaa, and I would like to express our sincere appreciation for the collaborative efforts that have been made by the ITEA Committee in developing occupational standards programs. These initiatives have undoubtedly contributed significantly to the advancement of education and vocational training in various countries, including The Gambia.

As part of our commitment to enhancing education and workforce development in The Gambia, we have closely followed the collaborative efforts of the ITEA Committee. In this regard, we have compiled a comprehensive list of the occupational standards programs that have been jointly developed by ITEA Committee members. This list includes the following information:

No.	Chinese Involvement	Institution's	Developed Programme Names and Levels	Programme Promoted/Implemented in Gambia Institution
1	Guangdong Polytechnic	Engineering	Technicians for Maintenance of Lift (elevator) NTA 5	University of Applied Science Engineering and Technology
2	Guangdong Polytechnic	Engineering	Software Engineering Technician NTA 6	1. Gambia Telecommunications and Multimedia Institute 2. Indian Institute of Hardware Technology

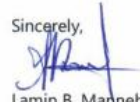

This table provides a clear overview of the collaborative efforts and the specific programs that have been developed under the ITEA Committee's guidance and expertise. It also highlights the institutions in The Gambia where these programs have been promoted and implemented.

We believe that these programs play a pivotal role in equipping individuals with the necessary skills and knowledge required for successful careers and contribute significantly to the economic development of our country. We are eager to explore opportunities for further collaboration with the ITEA Committee to expand and enhance the vocational education landscape in The Gambia.

Once again, we extend our gratitude to the ITEA Committee for its dedication to advancing vocational education, and we look forward to the possibility of working together to achieve our shared goals.

Thank you for your time and consideration.

Sincerely,

Lamin B. Manneh
